| Notes  |
|--|
| <b>F1 Moving a domain to A2Z Computing:</b> If you have an existing domain ending in .uk, please ask your current internet service provider to change the IPSTAG to "A2Z-COMPUTING", otherwise the transfer will be delayed. If you have a .com, .org, .net or other (i.e. not ending in .uk) domain name, please contact our 'Domain Management Team' for further details on 0845 123 2686, or e-mail: enquiries@a2z-computing.net.   |
| <b>F2 Arrangements for domains not hosted by A2Z Computing:</b> If A2Z Computing does not host your domain you will need to arrange for the ISP hosting the domain to set up web forwarding or the correct DNS records before your domain can be used correctly with the site. Alternatively, if you wish to point your domain at the A2Z Computing name servers, DNS hosting and other services can be arranged at a discounted rate. Please call the 'Domain Management Team' on 0845 123 2686, or e-mail enquiries@a2z-computing.net. |
