

## Hosted Exchange

With Cloud technologies expanding, more people are choosing cloud based services for their IT needs.

Hosted exchange is a Cloud Computing solution that not only connects people but also devices and is much more cost effective than an in-house Exchange Server. It is a perfect solution for small and medium businesses who want professional mail systems at an affordable price.

Hosted Exchange allows you to access your mail from Outlook on your desktop, web browser, tablet or smartphone and is all brought together through Cloud technology giving you full corporate email features.

### Features

- 25GB per Exchange Mailbox
- Up to 10 e-mail address aliases
- Outlook anywhere access (HTTPS)
- Outlook Web Access
- Instant 'Push' E-mail
- Shared Calendars
- Shared Tasks
- Shared Contacts
- Distribution Lists
- Access to Migration Services
- Low, Monthly Payment Plan

Hosted Exchange works with iPhone, iPad, Windows Phone, Google Android and Blackberry

“With the improvements you made to our network we have been able to work more efficiently and see our business grow as a result. We look forward to us working with A2Z Computing for our IT needs for many years to come.”
