

Three reasons to use A2Z Computing

A2Z Computing has been providing IT Support to Educational Establishments, Businesses and Charities since 1994. We have recently celebrated 19 years of business.

Our Award Winning Eagleye Network Monitoring product, proactively monitors your entire IT Infrastructure 24hours a day. It then provides 15minute updates as to the status of your infrastructure. If there is an error, either your on-site IT team or the A2Z Computing engineers can be proactive to ensure the error is resolved before downtime occurs!

Why waste time and money? Resolve your IT issues today and maximise efficiency.

Three Reasons

- **We guarantee to lower your IT Support costs by a minimum of 10%!**
- **You speak to a human each time!** *Your not sat talking to a voicemail message, trying to enter your query into a form or stuck taking a ticket.*
- **We manage the change over.** *Don't worry about moving IT companies, we'll do all the work! You'll experience no downtime, no loss of service to you or your customers.*

“Eagleye gives me the peace of my that I am informed often before it happens. This allows the maximum uptime for our servers and is ideal as it reduces the requirement for onsite support.”
